## OLD BUSINESS

### Officer-Involved Death (OID) Evaluation Process

A) Continued discussion and action, if any, on the Sanchez OID evaluation.

After minimal discussion, the Public Report for the Sanchez OID was approved through unanimous general consensus vote.

B) Continued discussion and action, if any, on the Acevedo OID evaluation.

Chairman Santore asked if there were any items for discussion. Vice-Chair Roberts suggested they wait to discuss until after the presentation on June 15. She also asked about getting a complete tox report instead of the redacted report currently available in the public version of the criminal casebook.

Mr. Hauptmann said that the cause of death was PCP intoxication. He advised that the report is redacted because it contains information that is not available to the public.

The Commission agreed to hold further discussion until after the training presentation on June 15.

### OID Minority Reports Format

As inclusion of Minority Reports in OID Public Reports has been approved by the Commission, discussion and action, if any, will occur regarding

A) the acceptable minority report format,

B) the process of accepting a minority report's inclusion in an OID Public Report, and

C) the inclusion of this process in the CPRC By-Laws / Policies & Procedures.

Commissioner Johnson drafted and distributed a preliminary outline of an acceptable report format and its inclusion into the public report. For the most part, the Commission agreed that it was a good start. Commissioner Adams, along with other commissioners, felt that #2 needed to be modified.

As commissioners were seeing this document for the first time, the following action occurred:

Motion for Approval	Motion	Second	Approve	Oppose	Abstain
That the outline be held over to allow for Commission review and then agendize for discussion at the next meeting	Brandriff	Roberts	<b>Unanimous</b>	0	0

Commissioners Slawsby, Brandriff, and Vice-Chair Roberts volunteered to serve on the Policies, Procedures & By-Laws Committee. However, Commissioner Rotker, who was absent, had also expressed his interest in this committee to Chairman Santore via e-mail. There was a disagreement between members as to whether or not Commissioner Rotker's interest should take precedence over the interest expressed by those present. It was ultimately decided that the Policies, Procedures, & By-Laws Committee members would be:

- Commissioner Slawsby
- Commissioner Brandriff
- Vice-Chair Roberts
- Commissioner Rotker

Commissioner Brandriff also said that even though it was decided that the committees be ad-hoc committees, agendas for the meetings that will be held should be posted.

### **Staff Report**

Mr. Hauptmann said that he would keep the Commission informed as to the state of the budget, minus the amount for staff wages. He then advised that total expenditures to date were \$27,556.02, with a remaining balance of \$43,234.98.

Commissioner Brandriff asked if Mr. Hauptmann had any information regarding the officer-involved death that occurred the day before (May 10<sup>th</sup>). Mr. Hauptmann said he had no information at the time, but that the RPD briefing would be agendized for the next meeting.

Commissioner Brandriff noted that he had received a phone call from Lt. Steve Johnson that night to advise him of the incident and the reason for the police activity in the area. Commissioner Brandriff said that was very helpful because he was then able to advise various area community groups of the situation. He said it was very helpful that the Department had taken this step to keep the community informed of RPD's activity in the area.
